

## PROMOTIONAL PRICING ON NISSAN PARTS

In coordination with Nissan, dealers in your area are now offering discounted true OEM parts as an enhancement to Nissan's conquest program. What does that mean for you? Select Nissan parts are available for a limited time only in CCC ONE® at a discounted price.

These parts will be available when you're writing an estimate in CCC ONE, with the discount automatically reflected in the price. Even better, your shop will get APU credit for choosing a non-OE part, and standard Nissan warranties apply.

Discounted parts will be labeled as Opt OEM: (Promo) on the "Compare" screen. And the best part is, you won't have to rekey or reconcile discounts on the invoice at the end of the repair.

1

Simply select an **Opt OEM** part designated as Opt OEM: (Promo) from the dealer to add the part to the order, as shown below

Description	Vendor	Part #	Delivery Days	Est. Price \$	Labor Hours	Paint Hours	Total \$	Total \$ Diff	Margin \$
