YOUR JOURNEY STARTS WITH A CHOICE

GM Business Choice

Offers small fleets, who do not qualify for a fleet number, the option between an additional \$500 cash incentive above current retail programs or a \$750 allowance towards GM Accessories.

GM Fleet

To qualify for a GM Fleet Number, your business must have a minimum of 5 light duty vehicles registered in the company name. Qualified companies receive both GM Business Choice and a GM Fleet Allowance.

Competitive Assistance

Additional special discounts can also be received when a qualified fleet company purchases 5 or more GM vehicles in the current model year.

Ask Ken for details on all programs.
