RESOURCES

To say it has been an extraordinary year would be an understatement. Not even the most powerful crystal ball could have predicted how our world would transform and the exponential value placed on personal connections and communication.

Being challenged in such an unprecedented way has given our team the latitude to innovate. We have worked from home offices all over the country to stay connected with you and understand the challenges you face, and we have adapted to figure out how we could help. We all miss the personal touch that our jobs brought pre-Covid. However, I am optimistic there will be a day soon when we can look each other in the eyes and shake hands. I am happy to say our GM Fleet team is more resilient than ever and operating at the highest level.

At the corporate level, I am proud of GM’s continued focus on its vision of a world with zero crashes, zero emissions and zero congestion, and the leadership role we have taken in defining the next age of transportation. We are designing today for a more sustainable tomorrow with our all-electric Ultium Platform. It is engineered for range, power and flexibility to charge fast, run long and fit every type of GM vehicle, and is an innovation powering the company’s commitment to put everybody in an electric vehicle.

As the industry evolves, your business and fleet vehicles will need to evolve as well. We want to be with you on this journey. Our promise to you is to provide great products and services, an exceptional customer experience and the innovative business solutions you need to keep your business moving forward.

Working together, we can continue to rebuild and recover from the pandemic. As we do, know our team of dedicated fleet employees is here to help your business prosper — and we are here to help transform your fleet as the industry progresses.

You are important to us, and we want to earn your business. As you make plans to refresh your fleet this year, we hope you will consider our team here at GM Fleet.

Please continue to stay strong, stay safe and stay healthy!

DAVE WATSON
Director – Fleet Sales
General Motors of Canada

SOLUTIONS THAT WORK FOR YOU

Becoming a General Motors Fleet customer is a simple way to help provide assistance for your fleet. Our constant focus is helping to propel your business forward — because your success is our success.

1

GREAT PRODUCTS & SERVICES

Choose from more than 50 unique vehicles from four distinct brands, all of which offer exceptional engineering that makes upfitting⁷ easy.

2

EXCEPTIONAL CUSTOMER EXPERIENCE

Our experienced Fleet Support Staff, Business Elite Dealers and Fleet Account Managers are with you every step of the way throughout the purchasing, financing and upfitting⁷ process.

3

INNOVATIVE BUSINESS SOLUTIONS

Beyond vehicles, we offer you the tools your business needs to succeed, including fleet-specific telematics, connectivity services, financing options, loyalty programs and more.

WE'RE IN THE OFFERING THE
**BEST CUSTOMER
EXPERIENCE**
IN THE INDUSTRY BUSINESS

GM DEALERS
449

A nationwide network of GM Dealers is ready to meet your fleet's needs, with quality service and a full lineup of cars, trucks and SUVs.

Business Elite Dealers with knowledgeable staff, who specialize in commercial vehicles, are ready to help ensure your business runs efficiently.

U.S. models shown with optional equipment.

LEADING THE CHARGE

Every so often something comes along that completely changes the status quo. For businesses with a fleet, we believe electric vehicles are just that. Our team of EV experts is ready to show you how your business can benefit from the ways we’re transforming transportation.

Simulated battery shown.

REVOLUTIONARY ULTIUM TECHNOLOGIES

GM’s all-electric Ultium Platform will allow for a variety of battery and drive unit combinations. It is being engineered for power and the flexibility to charge fast, run efficiently and fit all different types of vehicles to help meet your fleet needs.

U.S. model shown.

EXPANDING CHARGING INFRASTRUCTURE

GM’s Ultium Charge 360 will help simplify at-home and public charging experiences. Plus, new agreements with several major charging providers will give our EV customers access to real-time info from nearly 60,000 charging plugs in the U.S. and Canada.

U.S. model and Energy Assist screen shown.

TOOLS TO HELP MAXIMIZE YOUR RANGE

The Energy Assist feature in the myChevrolet Mobile App⁴⁴ offers simple tools to help drivers manage their electric vehicle. It lets them pick charging stations convenient for them — along their route, in a local parking lot or at a location with overnight charging.

“WE’RE COMMITTED TO OUR VISION OF A WORLD WITH ZERO CRASHES, ZERO EMISSIONS AND ZERO CONGESTION. WE INTEND TO CREATE AN ALL-ELECTRIC FUTURE THAT HELPS REDUCE YOUR OVERALL COST OF FLEET OWNERSHIP.”
— Mary Barra, GM chairman and CEO

FIND YOUR LOCAL GM FLEET EXPERT AT
gmfleet.ca/contact.html

PUT ELECTRIC VEHICLES TO WORK FOR YOUR FLEET

Every fleet can go electric. Our goal is to make adding GM Fleet electric vehicles to yours simple. When you make the switch to one of our EVs, you get so much more than a new vehicle. You get a team of EV experts ready to show you how going electric is a simply smart way to do business — and the benefits it can bring to yours.

U.S. models shown.

BENEFITS FOR YOUR BOTTOM LINE

Without all of the usual engine upkeep — oil changes, transmission fluid flushes, engine belt replacements — you'll spend less time and money on maintenance.

CHARGING IS CONVENIENT

Charging an EV fleet is as easy as plugging in a smartphone. It can be done at home, at the workplace or on the go with an expanding network of public charging stations you can use at any time.

HAVE CONFIDENCE IN OUR RANGE

Travelling in an electric vehicle, such as the refreshed 2022 Chevrolet Bolt EV or all-new 2022 Chevrolet Bolt EUV, can be simple thanks to the in-vehicle Energy App, which can provide access to more than 800 DC fast charging stations across Canada.

SOLUTIONS TO TAKE YOUR BUSINESS INTO THE ELECTRIC FUTURE

U.S. model shown.

REDESIGNED 2022 Chevrolet Bolt EV

ARRIVING SUMMER 2021

A fresh, new look inside and out with convenient charging options, first-rate tech and comfortable seating — all without using a single drop of gas.

Simulated model shown. Actual production model may vary.

GMC HUMMER EV Pickup

INITIAL AVAILABILITY FALL 2022

A first-of-its kind supertruck that blends off-road dominance with unprecedented on-road performance features and available DC fast charging up to nearly 160 kilometres of range in 10 minutes⁴⁵.

U.S. model shown.

ALL-NEW 2022 Chevrolet Bolt EUV

ARRIVING SUMMER 2021

Fun to drive and loaded with technology, including available Super Cruise^{TM43} (for select trims) that offers hands-free driver assistance technology for divided and compatible highways.

Simulated model shown. Actual production model may vary.

Cadillac LYRIQ

INITIAL AVAILABILITY FALL 2022

An uncompromising SUV that begins the electric evolution of the Cadillac brand, with premier technologies, stirring performance capabilities and zero tailpipe emissions.

EXPANDING OUR EV LINEUP

Simulated model shown. Actual production model may vary.

GMC HUMMER EV SUV

INITIAL AVAILABILITY EARLY 2023

Meet the next all-electric supertruck — the revolutionary GMC HUMMER EV SUV. Impressive on pavement with up to 830 GM-estimated horsepower⁵⁴ and up to 11,500 lb.-ft. of GM-estimated torque⁵⁴, and ready to tackle any terrain with advanced off-road capabilities.

First-Ever, All-Electric Chevrolet Silverado

General Motors is proud to announce the first-ever, all-electric Chevrolet Silverado. It's being engineered from the ground up to bring together the benefits of GM's Ultium Platform and the proven Silverado capability fleets have come to rely on. Availability will be announced at a later date.

THE SMARTER WAY TO DELIVER GOODS

Reimagine how deliveries are done with BrightDrop. Its solutions can help reduce your business costs and carbon footprint while maximizing productivity via an electrified ecosystem of products and services from the first to last kilometre.

BRIGHTDROP EV600

Go the distance you need while maximizing room for cargo with the 2023 EV600, which is anticipated to be available to order Q2 2022. This electric light commercial vehicle is purpose-built for the delivery of goods and services. Powered by the Ultium battery platform, it combines zero-emissions driving with a range of advanced driver assistance and convenience features.

Up to 402 kilometres [250 miles] of range on a full charge⁴⁷

Peak charge rate of up to 273 kilometres [170 miles] of EV range per hour via 120 kW DC fast charging⁴⁸

Segment-leading safety technologies⁴⁹

More than 1699 L [60 cu. ft.] of cargo space⁹

Available GVWR under 4491 kg [9,900 lbs.]²⁹, limiting the need for additional licensing to operate

BrightDrop Fleet Management Platform helps keep you connected and in control

Preproduction U.S. model shown. Actual production model may vary. Available to order Q2 2022.

THE BRIGHTDROP EV600 WILL BE BUILT IN INGERSOLL, ONTARIO, AT THE CAMI ASSEMBLY PLANT — CANADA'S FIRST LARGE-SCALE AUTO PLANT CONVERTED TO PRODUCE ELECTRIC DELIVERY VEHICLES.

BRIGHTDROP EP1

Help reduce package touches and physical strain on your delivery drivers with the propulsion-assisted EP1. There's no need for a dolly. It's designed to be adaptable for a variety of locations and built to move on a range of surfaces, so you can trust it will arrive. Wrap it in your own custom look and branding.

Built-in electric hub motor to help reduce the physical strain on your workforce

Operator can adjust the speed up to 4.9 kph [3.1 mph] to match their walking pace

Easy to operate and manoeuvre in both crowded and tight spaces

Designed to carry and secure 1/2 pallet worth of goods for transport to final locations

Maximum payload capacity of 90.7 kg [200 lbs.]²⁸

Lockable doors to allow for easy access and secure cargo

LEARN MORE ABOUT HOW BRIGHTDROP CAN TRANSFORM YOUR DELIVERIES AT gobrightdrop.com

Simulated vehicle shown. Actual production model may vary. Initial availability Q4 2021. Available to order Q2 2022.

SUPPORT SERVICES

Help get your fleet ready for business with BrightDrop Support Services — customized solutions to meet your needs from purchase to maintenance.

UPFITTING SUPPORT⁷

Work with an upfitter to customize your new EV600 to suit your individual business needs or upfit⁷ your existing fleet to work seamlessly with our ecosystem.

PARTS & SERVICING

Seamless access to OEM parts and components, helpful service centres for EV600s in the BrightDrop dealer network, mobile repair units for EP1s and official training certifications can help keep your BrightDrop products up and running at peak efficiency.

CHARGING INFRASTRUCTURE

Smoothly transition to electrification by working with BrightDrop and the trusted industry resources we can connect you with.

TECHNOLOGIES TO HELP SUPPORT SAFE DRIVING

Safety is engineered into the DNA of our vehicles. Many of them also offer technologies that can help your drivers mitigate crashes. Because reducing human error can help reduce crashes — and that helps keep your fleet vehicles on the road.

COMPREHENSIVE FLEET SAFETY SOLUTIONS

U.S. model shown.

PROACTIVE

Advanced viewing and alert systems can proactively command a driver's attention to help avoid collisions.

U.S. model shown.

PREDICTIVE

Active safety features, such as Automatic Emergency Braking, can help alert the driver and help mitigate a crash.

PREVENTATIVE

If the unavoidable occurs, GM Fleet vehicles are designed to help protect with crashworthiness engineering.

INTRODUCING PERISCOPE

Periscope is GM's new safety brand that brings together research, vehicle technology and advocacy to help continue to move toward a future with zero crashes.

LEARN MORE AT
gm.ca/en/home/commitments/vehicle-safety

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

SAFETY IN NUMBERS

Protecting your fleet is as important to us as it is to you. That's why GM is working with the University of Michigan Transportation Research Institute (UMTRI). Together, the GM and UMTRI teams analyze the real-world effectiveness of many of our available active safety and driver assistance technologies. Recent results show several of these features are making a statistically significant impact in helping to reduce crashes. Learn more about the study and its results at gm.com/safetystudy.

REDUCED
▼81%

Backing Crashes

Available Reverse Automatic Braking — combined with Rear Vision Camera, Rear Park Assist and Rear Cross Traffic Alert — uses a camera, ultrasonic sensors and radar in the back corners of your vehicle to help prevent a driver from backing into detected objects directly behind the vehicle.

REDUCED
▼46%

Rear-End Striking Crashes

Available Automatic Emergency Braking with Forward Collision Alert can help a driver avoid or reduce the severity of front-end collisions with a vehicle they're following by automatically providing hard emergency braking or enhancing the driver's hard braking.

REDUCED
▼20%

Lane Departure-Related Crashes

Available Lane Keep Assist with Lane Departure Warning uses a brief, gentle steering wheel turn to alert the driver when they may be unintentionally drifting out of detected lane lines. System alerts do not occur if the driver is using their turn signal or if it detects they may be intentionally leaving their lane.

REDUCED
▼26%

Lane Change Crashes

Available Lane Change Alert with Side Blind Zone Alert can provide side-mirror visual alerts when a detected moving vehicle is quickly approaching or is in the driver's side blind zone. It can help a driver avoid lane change collisions.

ONSTAR VEHICLE INSIGHTS™³⁷

MANAGE THE WAY YOUR BUSINESS MOVES.

Optimizes productivity with driver management tools. Gain insights with meaningful data and maximize your efficiency from the big picture down to individual vehicles in your fleet. Our embedded telematics solution is helpful for fleets of any size. Get started today at onstarvehicleinsights.ca.

CUSTOM ALERTS

Personalizes what information is most important to you and your business. Set your alerts to automatically update you with the driver, vehicle and route history that is valuable to your fleet.

DRIVER PERFORMANCE INSIGHTS

Empowers drivers with the tools they need to help improve their driving performance by scoring braking, acceleration and more. Promoting smarter driving and improving driver habits.

VEHICLE HEALTH

Minimizes downtime by helping you ensure routine maintenance is managed on a schedule that fits your business.

API & DATA SERVICES

HARNESS DETAILS THAT MAKE THE DIFFERENCE.

There is no one-size-fits-all solution for your business. OnStar Business Solutions³⁸ brings together the integrity of embedded hardware with a wide array of telematics service providers and fleet management companies to help meet your unique needs.

WI-FI® CONNECTIVITY

KEEP YOUR PEOPLE CONNECTED.

Turn your vehicles into mobile offices that help keep workers connected and productive almost anywhere the job takes them. Connect up to seven devices at once and maintain those connections up to 15 metres¹⁰ from the vehicle with an available built-in Wi-Fi® Hotspot¹⁰ (data plan required).

ACCESSORIES THAT GET THE JOB DONE

LEARN MORE AT
gmfleet.ca/gm-accessories.html

We have the accessories to make your fleet vehicles exactly what is needed for the job. Whether it's organizing and protecting cargo, charging an EV or preparing your vehicle for towing, you can trust our accessories to work with your vehicle — and work when you need them.

2021 U.S. models shown. Pictured gear and supplies not included. See dealer for details.

COMMERCIAL-GRADE ACCESSORIES

Whether your vehicle is new or has been in your fleet for years, our accessories can keep it working hard for your business.

- Equip your vehicle specifically for your vocation
- Add valuable protection to your vehicle's interior and exterior
- Enhance your vehicle's performance and capability
- Help ensure your drivers have the tools they need to be productive and organized

DESIGNED SPECIFICALLY FOR YOUR VEHICLE

Developed by the engineers who know your GM Fleet vehicle best, our accessories offer the same reliability, styling and quality that went into the design and manufacturing of your car, truck, van or SUV. Get them expertly installed by your preferred GM dealer or, for those not requiring installation, simply buy online or over the counter.

This guide features accessories that are designed, engineered, tested and backed by (GM or brand). An additional offering of Associated Accessories is also available, which are engineered, tested and backed by third-party manufacturers. The Associated Accessories symbol  denotes that the accessory is engineered and sourced by third-party companies, each with its own individual warranty coverage.

KEY STANDARD FEATURES

Features based on Work Truck 2WD model with 2WT equipment group.

SAFETY + SECURITY

- Rear Vision Camera¹²
- Theft-deterrent system with engine immobilizer
- Tire Pressure Monitoring System (excludes spare tire) with Tire Fill Alert

PERFORMANCE

- 2.5L 4-cylinder engine (200 hp [149 kW]/191 lb.-ft. [259 Nm] of torque)
- 4-wheel antilock disc brakes
- 6-speed automatic transmission
- All-speed Traction Control
- StabiliTrak® Electronic Stability Control System

PRODUCTIVITY + DRIVE EXPERIENCE

- 6-speaker audio system
- Apple CarPlay^{®13} and Android Auto^{™14} capable
- Cargo area lamp (back of cab)
- Chevrolet Infotainment 3^{®16} with 7-inch diagonal colour touch-screen
- Colour-keyed carpeting with front and rear carpeted floor mats
- CornerStep rear bumper
- Driver Information Centre
- Front bucket seats
- Locking tailgate
- Manual-adjustable, manual-folding outside mirrors
- Power door locks
- Power windows with driver Express-Up/-Down
- Short Box (5'2" [1575 mm]) or Long Box (6'2" [1879 mm])
- Available SiriusXM^{®19}
- USB ports¹⁷ (2), includes auxiliary input jack

KEY AVAILABLE FEATURES

Optional features vary by trim level and may require the purchase of a package. See Order Guide for details.

- 2.8L Duramax® Turbo-Diesel 4-cylinder engine (181 hp [135 kW]/369 lb.-ft. [500 Nm] of torque)
- 3.6L V6 gas engine (308 hp [230 kW]/275 lb.-ft. [373 Nm] of torque) with 8-speed automatic transmission
- 2-speed AutoTrac® electric transfer case
- Automatic Emergency Braking¹²
- Automatic locking rear differential
- Built-in Wi-Fi® Hotspot¹⁰ (data plan required)
- Chevrolet Infotainment 3 Plus^{®16} with Navigation²¹ and 8-inch diagonal colour touch-screen
- Cruise control
- Exhaust brake (diesel only)
- EZ-Lift and Lower Tailgate
- Forward Collision Alert¹²
- HD Rear Vision Camera¹²
- Heated front seats
- Heated, leather-wrapped steering wheel
- Heavy-Duty Trailering Package³
- Hitch Guidance¹², trailering assist guidelines
- Integrated trailer brake controller
- Lane Departure Warning¹²
- OnStar®-embedded hardware, plus 3 months of Fleet Remote Access Plan trial and Fleet OnStar Safety & Security Plan coverage¹⁸
- Power-adjustable outside mirrors
- Rear Park Assist¹²
- Rear Seat Delete (WT and LT Extended Cab only)
- Remote Keyless Entry
- Remote Locking Tailgate
- Remote Start
- Spray-on bedliner
- Tow/Haul Mode (2.8L diesel and 3.6L only)
- USB charging-only ports¹⁷ (2)
- Vinyl floor covering (WT and LT Extended Cab only)

RESOURCES

THE MIDSIZE TRUCK FOR BIG JOBS

Powerful engine options with efficient technologies. Rugged and strong with a quiet, refined interior. If you're looking for a truck to help your crew work hard, you're looking for Colorado.

U.S. model shown with optional equipment.

POWER THAT WORKS FOR YOU

Every job is different, but with three engine options, you'll be able to find a Colorado that's right for your business. Enjoy up to 7,700-lbs. [3493 kg] max. trailering capacity³ to help handle big hauling jobs.

BUILT FOR UTILITY

Colorado is built for utility and designed to make it look easy. A fully boxed frame and 4-wheel disc brakes with Duralife[®] rotors means it's durable too. A CornerStep rear bumper, corner hand grips and up to 17 tie-downs help your crew work smarter.

PRO POWER AT YOUR COMMAND

The GMC Canyon is engineered to take on demanding tasks and keep pace with your needs. With commanding presence and formidable capability, it offers the manoeuvrability, efficiency and comfort that make it the perfect pickup for your fleet.

AVAILABLE DIESEL POWER

Big jobs often require big equipment. Canyon is strong enough to trailer up to a maximum 7,700 lbs. [3493 kg]³ when equipped with the 2.8L Duramax® Turbo-Diesel and the available Trailering Package.

FUNCTIONALITY FLEETS NEED

The large Canyon cargo bed lets your crew work hard and smart. It's engineered with fleet-focused features like the CornerStep rear bumper and an available locking EZ-Lift and Lower Tailgate, making it easy to load, organize and secure cargo.

MORE THAN 100 YEARS OF DOING THE JOB RIGHT

Chevrolet Silverado 1500 is the truck businesses have depended on for generations. Hardworking and smart, it's built to get the job done right with 12 welded tie-downs, a CornerStep rear bumper and an available 120-volt bed-mounted power outlet.

U.S. model shown with optional equipment.

FLEET-FOCUSED PACKAGES

Silverado 1500 offers fleet-specific packages — including the Work Truck 2.7L Fleet Package, WT Fleet Convenience Package and the Fleet Comfort Package — so you can equip your truck with features that matter most.

AVAILABLE MULTI-FLEX TAILGATE

For those who work hard, the Multi-Flex Tailgate is available on all trim levels. It offers six different functions designed to help improve loading, unloading and accessing the cargo bed.

RESOURCES

JOBSITE-READY FOR YOUR FLEET

With advanced trailering technologies, a versatile Durabed and other options that take its capability further, the Sierra Heavy Duty stands up to the toughest jobs like a pro.

FLEET-SPECIFIC PACKAGES

The Fleet Convenience Package and Fleet Comfort Package were designed with your business in mind. They offer features like a 10-way power driver seat and an EZ-Lift Power Lock and Release Tailgate to help keep drivers both comfortable and productive.

BUILT FOR TRAILERING

The Sierra Heavy Duty Gooseneck/Fifth-Wheel Prep Package offers a factory-installed hitch platform that’s installed while the truck itself is being manufactured, eliminating the time-consuming aftermarket installation process.

WARRANTY FOR ELIGIBLE FLEET CUSTOMERS

COVERED AND COMPREHENSIVE

CHEVROLET AND GMC BRAND VEHICLES

New vehicle limited warranty coverages described herein are applicable only to qualified fleet customers who have taken delivery of a new, eligible Chevrolet or GMC brand vehicle in Canada.

3-YEAR or 60,000-KM¹
TRANSFERABLE BASE WARRANTY COVERAGE²

+

5-YEAR or 160,000-KM¹
TRANSFERABLE POWERTRAIN COMPONENT WARRANTY COVERAGE^{2,3}

In addition to the 3-year/60,000-km¹ base warranty coverage, 2021 and 2022 model year Fleet (rental deliveries excluded) Chevrolet and GMC passenger cars, light-duty trucks or vans come with a 5-year/160,000-km^{1,3} (provided to qualified fleet customers who have taken delivery of a new eligible Chevrolet or GMC brand vehicle in Canada) Powertrain Component Warranty³ that:

- ☐ has a \$0 deductible
- ☐ is transferable² to another owner at no charge

1 Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.

2 The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.

3 Conditions and Limitations apply, see Warranty Booklet for details. In Canada, all new Model Year 2021 and 2022 Chevrolet and GMC brand vehicles receive a 5-year or 100,000-km, whichever comes first, Powertrain Component Warranty; except that new Model Year 2021 and 2022 Chevrolet or GMC Brand vehicles equipped with a 3.0L or 6.6L Duramax[®] Turbo-Diesel engine receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty and certain new eligible Model Year 2021 and 2022 Chevrolet or GMC Brand vehicles delivered to qualified Commercial Fleet and/or Government Fleet customers receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such suppliers.

BUICK AND CADILLAC BRAND VEHICLES

New vehicle limited warranty coverages described herein are applicable only to qualified fleet customers who have taken delivery of a new, eligible Buick or Cadillac brand vehicle in Canada.

4-YEAR or 80,000-KM¹
TRANSFERABLE BASE WARRANTY COVERAGE²

+

6-YEAR or 110,000-KM¹
TRANSFERABLE POWERTRAIN COMPONENT WARRANTY COVERAGE²

In addition to the 4-year/80,000-km¹ base warranty coverage, 2021 and 2022 model year Cadillac and Buick cars and SUVs come with a 6-year/110,000-km¹ Powertrain Component Warranty that:

- ☐ has a \$0 deductible
- ☐ is transferable² to another owner at no charge

1 Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.

2 The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such suppliers.

FLEET ACCOUNT NUMBERS

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies in Canada upon application to General Motors of Canada Company (“GM”) through the Global Fleet Sales System (GFSS).

Enrollment Terms and Conditions

A “Qualified Fleet Customer” is defined as:

- A business organization that maintains a minimum of five (5) vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that, after its present acquisition, will maintain five (5) or more vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that places an order for or purchases three (3) or more new GM vehicles at one time for business purposes; supporting documentation must be retained by the Dealer and made available to GM Canada upon request
- Government/Government Regulated Utilities/Public Schools/Medical Hospitals — no existing Fleet or minimum number of orders at one time is required

New motor vehicles ordered under fleet must be delivered to a Qualified Fleet Customer. In addition, vehicles must be registered and kept in fleet service in Canada by the first Qualified Fleet Customer for a minimum of six (6) months and 12,000 km from the date of delivery.

By executing the Enrollment Form, the Fleet Customer certifies and agrees that no motor vehicles will be purchased or leased, directly or indirectly, for export, sale or use outside of Canada (excluding use related to occasional business and/or personal travel) and no such sale, use or export will occur. Fleet Customer also agrees that it will not induce, by any means, any Dealer to breach the export and/or resale terms of their Dealer

Agreement with GM Canada or any of the terms of this agreement, and acknowledges that it will be responsible in damages to GM Canada and its affiliates for any such interference with the contractual terms between GM Canada and a Dealer or any breach of this agreement.

Violation of this policy by a Dealer or a Qualified Fleet Customer will result in a chargeback to the Dealer or Qualified Fleet Customer, and may include Dealer or Qualified Fleet Customer (or both) being disqualified from further participation in fleet programs. In the event of such a chargeback to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

Additional Customer eligibility requirements for specific fleet programs, as issued by GM Canada to its Dealers from time to time, will be made available to Qualified Fleet Customers by the selling Dealer as required. The Qualified Fleet Customer further agrees to provide, upon request by GM Canada or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM Canada program requirements.

In the event (1) a Qualified Fleet Customer orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM Canada Fleet programs, and (2) the vehicles are not used by Qualified Fleet Customer in accordance with program requirements, GM Canada will take appropriate action, which may include the disqualification of the Qualified Fleet Customer and/or Dealer from future participation in fleet programs and the issuance of a chargeback against the Dealer and the Qualified Fleet Customer for any special allowances, incentives, special option packages or other promotional programs which GM Canada paid or credited to the Dealer or identified Qualified Fleet Customer as a result of inaccurate representations. In the event of such a chargeback to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANs website. The following information is required:

1. Name of business
2. Both physical and mailing addresses (if different)
3. Phone number
4. E-mail address
5. Fleet composition
6. Qualified Fleet Customer Enrollment Form

Upon completion of the enrollment application on the website, Dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting Dealer will be advised of the FAN via e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet Action Centre.

BUSINESS CHOICE PROGRAM

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

2021 U.S. models shown with optional equipment.

With the GM Business Choice program, you'll have access to options that help offset the cost of getting your select new Chevrolet or GMC vehicle work-ready. Upfit¹ or upgrade your new vehicle to meet your business solutions using one of the program's four options:

2021 BUSINESS CHOICE PROGRAM²

OPTION 1	OPTION 2	OPTION 3	OPTION 4
COMMERCIAL UPFIT ¹ CASH CREDIT: UP TO \$700 UPFIT CASH ³	OR UP TO \$750 IN DEALER ACCESSORIES CASH ³	OR \$500 CASH INCENTIVE ³	OR 3-YEAR COMPLIMENTARY SUBSCRIPTION ⁴ OF THE CHEVROLET OR GMC REMOTE ACCESS ⁵ + ONSTAR [®] SAFETY & SECURITY PLAN ⁶ , VALUE OF UP TO \$1,250 (REQUIRES PURCHASE OF ADDITIONAL EQUIPMENT ON CERTAIN MODELS ⁷)

For program details, visit gmbusinesschoice.ca.

1 IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES: Installations or alterations to the original-equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such suppliers. **2** Business Choice offers available for eligible companies with an active FAN or business number valid with the purchase or lease of eligible new and unused Chevrolet or GMC vehicles at participating Dealers delivered in Canada between June 1, 2021, and December 31, 2021. Four distinct options available. One per vehicle may be selected. Contact your local Chevrolet or GMC Dealer for full program details and eligibility on all four Business Choice options. Business Choice offers may not be redeemed for cash and may not be combined with certain other consumer incentives. Limitations and conditions apply. Void where prohibited. GM Canada reserves the right to amend or terminate offers for any reason in whole or in part, at any time, without prior notice. **3** Models eligible for Option 1, 2 or 3 are new and unused 2020MY, 2021MY and 2022MY (Fall of 2021 for 1500 and HD Silverado/Sierra), Chevrolet Colorado (excl. 2SA 2020MY), Chevrolet Express, Chevrolet Silverado 1500, Chevrolet Silverado 2500, Chevrolet Silverado 3500, GMC Canyon (excl. 2SA 2020MY), GMC Savana, GMC Sierra 1500, GMC Sierra 2500 and GMC Sierra 3500. As part of the transaction, dealer may request documentation to verify eligibility. \$700 Commercial upfit cash credit/\$750 Dealer Accessories Cash/\$500 Cash Incentive are manufacturer-to-consumer incentive (tax inclusive, applicable toward parts and labour/parts [excluding replacement parts] and labour/a vehicle purchase). **4** A 3-year complimentary non-refundable and non-transferable subscription to OnStar Remote Access Plan bundled with a 3-year non-refundable and non-transferable subscription to OnStar Safety and Security Plan provided at no additional charge. Value of up to \$1,250 is based on a regular monthly subscription bundled price of \$34.99 for the Plans for three years. Models eligible for Option 4 are new and unused 2020MY, 2021MY and 2022MY (Fall of 2021 for 1500 and HD Silverado/Sierra), Chevrolet Colorado (excl. 2SA 2020MY), Chevrolet Express, Chevrolet Silverado 1500, Chevrolet Silverado 2500, Chevrolet Silverado 3500, and GMC Canyon (excl. 2SA 2020MY), GMC Savana, GMC Sierra 1500, GMC Sierra 2500 and GMC Sierra 3500. **5** Does not include emergency or security services. See onstar.ca/businesssolutions for details and limitations. **6** OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. Advisors certified by the International Academies of Emergency Dispatch[®]. See onstar.ca/businesssolutions for details and limitations. **7** For information on which models require additional equipment purchase, see onstar.ca or dealer for details, limitations apply.

ABOUT THIS GUIDE

THIS MATERIAL IS NOT INTENDED FOR, OR APPROVED FOR USE IN, ADVERTISING

Some of the equipment shown or described throughout this guide may be available at extra cost and/or supplied by an independent supplier. We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GM Dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

GM vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GM vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

See your local General Motors Fleet Account Manager or Dealer Fleet/Commercial Sales Manager, or go to gmfleet.ca for up-to-date information.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

LEGAL DISCLOSURES

1. GM estimated using Government of Canada-approved test methods. Refer to vehicles.nrcan.gc.ca for details. Actual range will vary based on several factors, including temperature, terrain, battery age, vehicle model, loading, use and maintenance.
2. Most vehicles built on or after 6/7/21 equipped with a V8 engine and 10-speed automatic transmission are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient. Fuel consumption estimate for L84 with NSS (L/100km – city/highway): 15.3/11.0 (4x4), 15.6/11.4 (AT4). Fuel consumption estimate for L87 with NSS (L/100km – city/highway): 16.2/12.0 (4x4), 16.8/12.7 (AT4).
3. When properly equipped. Available engine or equipment may be required. See dealer for required specifications. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details.
4. Most vehicles built on or after 6/7/21 equipped with a V8 engine and 10-speed automatic transmission are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient. Fuel consumption estimate for L84 with NSS (L/100km – city/highway): 15.3/11.0 (4x4), 15.6/11.4 (Trail Boss). Fuel consumption estimate for L87 with NSS (L/100km – city/highway): 15.6/11.6 (4x4), 16.8/12.7 (Trail Boss).
5. The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.
6. In Canada, all new Model Year 2021-2022 Chevrolet and GMC brand vehicles receive a 5-year or 100,000-km, whichever comes first, Powertrain Component Warranty; except that new Model Year 2021-2022 Chevrolet or GMC Brand vehicles equipped with a 3.0L or 6.6L Duramax Turbo-Diesel engine receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty; and certain new eligible Model Year 2021-2022 Chevrolet or GMC Brand vehicles delivered to qualified Commercial Fleet and/or Government Fleet customers receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty.
7. IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES: Installations or alterations to the original-equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such suppliers.
8. OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. Advisors certified by the International Academies of Emergency Dispatch®. See onstar.ca/businesssolutions for details and limitations.
9. Cargo and load capacity limited by weight and distribution.
10. Service varies with conditions and location. The vehicle must be On or Accessory power must be active to use the Wi-Fi Hotspot. Requires active service plan that includes data or paid data plan from AT&T or its local service provider.
11. Premium paint; additional cost.
12. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.
13. Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc., registered in the U.S. and other countries.
14. Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.
15. Go to my.gm.ca to find out which phones are compatible with the vehicle.
16. Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates may apply.
17. Not compatible with all devices.
18. Purchasers or lessees of new select properly equipped 2019-2022 GM fleet vehicles who have an active Fleet Account Number (FAN) are eligible for 3 months of Driver Remote Access trial and OnStar Safety & Security coverage, which includes emergency services, navigation and remote commands, plus a 3 GB or 1-month (whichever comes first) data plan trial, starting at trial activation date. Services subject to user terms and limitations and capabilities vary by model and/or vehicle configuration. Data plans offered by AT&T or its local service provider. Availability subject to change. GM Canada may modify, extend or terminate offers for any reason, in whole or in part, at any time, without notice. Requires vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. Visit onstar.ca/businesssolutions for details.
19. Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See the Customer Agreement for complete terms at siriusxm.ca/terms. ©2021 Sirius XM Canada Inc. "SiriusXM," the SiriusXM logo, channel names and logos are trademarks of Sirius XM Radio Inc. and are used under license. SiriusXM Canada products, programming, services are subject to change.
20. Does not detect people or items. Always check rear seat before exiting vehicle.
21. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.
22. The system wirelessly charges one compatible mobile device. Some devices require an adapter or back cover. See my.chevrolet.ca for more information.
23. Even while using the Super Cruise driver assistance feature, always pay attention while driving and do not use a hand-held device. Visit cadillacsupercruise.ca for divided and compatible highways and more information. Requires properly equipped vehicle, active Super Cruise subscription, working electrical system, cell reception and GPS signal.

LEGAL DISCLOSURES (CONT.)

24. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.ca/learn/tires or see your dealer.
25. Do not use Summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.ca/learn/tires or see your dealer.
26. Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information, which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.
27. Feature may be limited when the battery is cold or near full charge. Always use the brake pedal when you need to immediately stop. See the Owner's Manual for details.
28. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb.
29. Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment.
30. Maximum Gross Combined Weight Rating (GCWR). When properly equipped; includes weight of the vehicle and trailering combination, including the weight of driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer.
31. Requires (Z82) Trailering Package.
32. Requires Sierra 3500 Heavy Duty Regular Cab Long Bed 2WD DRW with available Duramax 6.6L Turbo-Diesel V8, Max Trailering Package and gooseneck hitch. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
33. Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle.
34. App functionality and features vary with vehicle equipment and trim level. Data connection may be required. Some features require active service plan and working electrical system. User terms and limitations apply.
35. Requires additional installation.
36. Gross Axle Weight Rating (GAWR) is the maximum allowable weight to be placed on the individual axle.
37. Terms apply. Available on select properly equipped 2021 model year and newer GM vehicles (excludes GM vehicles built without OnStar hardware, which includes, but is not limited to, select base Chevrolet and GMC trucks). Requires an active connected vehicle services plan. Fees, services and availability subject to change without notice. Applicable taxes not included. Does not include emergency or security services. Diagnostic capabilities vary by vehicle model. Not all issues will deliver alerts. Message and data rates may apply. See onstarvehicleinsights.ca for details and limitations.
38. OnStar is not available on GM vehicles built without OnStar hardware, which includes, but is not limited to, select base Chevrolet and GMC trucks. Select models require the purchase of additional factory-installed OnStar hardware (option UE1). Option UE1 must be selected before the vehicle is built. Requires a working vehicle electrical system (including battery), active service plan, cell reception and GPS satellite signal. Services, connectivity and capabilities vary by model and/or vehicle configuration, and conditions as well as geographical and technical restrictions, and are subject to user terms and limitations. Visit onstar.ca/businesssolutions for coverage maps, details and system limitations, or speak to your dealer for details.
39. Does not include emergency or security services. See onstar.ca/businesssolutions for details and limitations.
40. Most vehicles built on or after 6/7/21 equipped with a V8 engine and 10-speed automatic transmission are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient. Fuel consumption estimate for L87 with NSS (L/100km - city/highway): 17.5/12.6.
41. GM Fleet Account Number required. See onstar.ca/businesssolutions for details and limitations.
42. All features not available on all connected-device platforms. Certain features of the SiriusXM with 360L may not be available unless "data" is enabled in the vehicle; data charges may apply (charged separately) when your trial subscription ends.
43. Even while using the Super Cruise driver assistance feature, always pay attention while driving and do not use a hand-held device. Visit chevrolet.ca/en/upcoming-vehicles/2022-bolt-euv for divided and compatible highways and more information. Requires properly equipped vehicle, active Super Cruise subscription, working electrical system, cell reception and GPS signal.
44. Requires connected vehicle with factory-installed remote start and/or power locks and a compatible mobile device with data connection. Mobile data rates may apply. Visit onstar.ca for details and system limitations.
45. GM estimate. When properly equipped. Charging times are estimates and may vary based upon battery condition, output of charge unit, vehicle settings and outside temperature. Requires use of 350 kW 800-volt DC fast chargers. Available on EV^{3X}.
46. GM estimates. When properly equipped. Available on pickup EV^{3X}.
47. GM estimate based on a full charge and subject to change prior to production. GM-estimated range based on current capability of analytical projection consistent with SAE J1634 revision 2017 - MCT. Actual range may vary based on several factors, including temperature, terrain, battery age, loading and how you use and maintain your vehicle.
48. Data is for the 2023 model year EV600 with 20-module HV propulsion battery. GM estimate. Charging times are estimates and may vary based upon battery condition, output of charge unit, vehicle settings and outside temperature.
49. Based on January 2021 vehicle offerings. Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.
50. Effective March 2021, the 5.3L EcoTec3 V8 (L82) engine with YK9 is not equipped with Active Fuel Management, resulting in reduced efficiency. Fuel consumption estimate for L82 without YK9 (L/100km - city/highway): 15.8/11.4 (2WD), 16.0/11.8 (4x4), 16.5/13.1 (Trail Boss). Fuel consumption estimates for L82 with YK9 (L/100km - city/highway): 16.7/11.4 (2WD), 17.3/11.8 (4x4), 17.8/13.2 (Trail Boss).

LEGAL DISCLOSURES (CONT.)

51. Certain 21MY vehicles with the 5.3L EcoTec3 V8 (L84) engine and 8-speed transmission with YK9 is not equipped with Dynamic Fuel Management, resulting in reduced efficiency. Fuel consumption estimate for L84 8-speed without YK9 (L/100km - city/highway): 13.9/10.1 (2WD), 14.4/10.6 (4x4). Fuel consumption estimates for L84 8-speed with YK9 (L/100km - city/highway): 15.9/10.8 (2WD), 16.8/11.4 (4x4).
52. Effective March 2021, the 5.3L EcoTec3 V8 (L82) engine with YK9 is not equipped with Active Fuel Management, resulting in reduced efficiency. Fuel consumption estimate for L82 without YK9 (L/100km - city/highway): 15.8/11.4 (2WD), 16.0/11.8 (4WD). Fuel consumption estimates for L82 with YK9 (L/100km - city/highway): 16.7/11.4 (2WD), 17.3/11.8 (4WD).
53. Certain 21MY vehicles with the 5.3L EcoTec3 V8 (L84) engine and 8-speed transmission with YK9 is not equipped with Dynamic Fuel Management, resulting in reduced efficiency. Fuel consumption estimate for L84 8-speed without YK9 (L/100km - city/highway): 14.0/10.1 (2WD), 15.2/11.1 (4WD). Fuel consumption estimates for L84 8-speed with YK9 (L/100km - city/highway): 16.0/10.9 (2WD), 17.4/11.7 (4WD).
54. GM estimates. When properly equipped. Available on SUV Edition 1 and EV^{3X}.
55. Tested with premium unleaded gasoline with a posted octane rating of 93.
56. Most vehicles built on or after 6/7/21 equipped with a V8 engine and 10-speed automatic transmission are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient. Fuel consumption estimate for L84 with NSS (L/100km - city/highway): 15.3/12.0 (2WD), 15.5/12.0 (4WD). Fuel consumption estimate for L87 with NSS (L/100km - city/highway): 17.5/12.6.
57. Most vehicles built on or after 6/7/21 equipped with a V8 engine and 10-speed automatic transmission are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle. Vehicles not equipped with Automatic Stop/Start will be less fuel efficient. Fuel consumption estimate for L84 with NSS (L/100km - city/highway): 15.3/12.0 (2WD), 16.0/12.6 (4WD). Fuel consumption estimate for L87 with NSS (L/100km - city/highway): 17.5/12.6.
58. Most vehicles built on or after 7/12/21 are not equipped with wireless phone charging. See dealer for details on a specific vehicle.
