

Certified
Pre-Owned

Start something special.

Serenity on the road begins with confidence in your car.

Not just another certified program

While most manufacturers offer some type of certified program for pre-owned vehicles, this does not mean that they are all the same. Far from it.

Major differences can be found in:

- The warranty
- The inspection list
- Vehicle condition

A Honda Certified Pre-Owned Vehicle meets the most stringent qualifications, backed by a lengthy comprehensive warranty.*

*Please see your dealer for warranty details.

The Inspection

Your Honda dealership considers only well-maintained, late-model Honda vehicles for certification

The search for your Certified Pre-Owned Vehicle starts with prime-condition Hondas produced within the last six years. Vehicle history reports are carefully screened, and each candidate vehicle is put through a comprehensive multi-point inspection—inside and out—by our Honda trained service technicians. Several of the key components checked include:

- ✓ Brakes
- ✓ Engine, exhaust and drivetrain
- ✓ Steering and suspension
- ✓ Tires and wheels
- ✓ Body condition/paint

Know Before You Go

A vehicle history report is provided with each Certified Pre-Owned Vehicle

Every Honda Certified Pre-Owned Vehicle comes with a complimentary vehicle history report as standard equipment. Drawn from an extensive database, it documents details such as registration history, title information, reported accident history and odometer readings—pertinent facts that may affect the vehicle's safety and value. You're even covered by buy-back protection if your vehicle history report* fails to disclose a severe problem reported by a state Department of Motor Vehicles.

*See vehicle history report provider's website for terms and conditions.

The Warranty

Take delivery with peace of mind

Your Honda Certified Pre-Owned Vehicle is backed by one of the most extensive pre-owned vehicle warranties in the business.

**Coverage you
can count on
for the long run.**

Key Provisions

- Powertrain Systems and Components Coverage: Up to 7 years or 100,000 miles from the date the vehicle was first registered under the Honda New Vehicle Limited Warranty.
