- ▶ No security deposit on a new lease
- ▶ No credit history required (if you have existing credit, it must be in good standing)
- ▶ Competitive rates even if you have no credit
- ▶ No co-signer required

Start your next adventure.

First, you will need to meet these requirements:

- ▶ You graduated in the past 24 months, or will graduate in the next six months from a 2 or 4 year accredited U.S. or Canadian college or university.
- ▶ You have a full-time job, or you have a written commitment from a future employer.
- ▶ You are a U.S. Citizen or permanent resident of the United States.

What to bring to the dealership.

When it's time to visit your dealer, come prepared with the following documents:

- Your valid driver's license
- Proof of insurance and agent contact information
- A copy of your degree or transcript and contact information for your college or university
- A copy of proof of income and full-time employment as well as contact information for a human resources or payroll representative
- Contact information for two personal references who reside in the United States

Which road will you take?

Decide whether to lease or finance by determining which option would best fit your new lifestyle.

Here are some things to consider:

Lease

Take home a vehicle for a set amount of time and number of miles. Then, at the end of your term, return it to your dealer and get into a brand new Audi.

- ▶ May provide lower monthly payments than financing, over a similar term, while driving the latest models
- ▶ Most lease terms provide full warranty protection throughout the lease
- ▶ Flexible lease terms and a range of mileage options available

Finance

Purchase a vehicle, pay for it over time, and make it yours.

- ▶ Ability to own for life and build equity
- ▶ No end-of-lease obligations, such as wear and tear
- ▶ No mileage or customization restrictions
- ▶ Competitive rates and flexible terms from Audi Financial Services

This kind of style is worth protecting.
